# Souhardya Majumdar

As a highly motivated and quick-learning B.Tech first-year student, I am eager to contribute my foundational knowledge. I actively engaged with introductory engineering concepts and excelled in problem-solving tasks within my coursework. My drive stems from a deep curiosity about technology and a desire to apply theoretical knowledge to real-world challenges. My core skills include problem-solving, basic programming proficiency (e.g., Python, C, Java), effective teamwork and communication honed through academic collaborations.

## Education

**Class 10th at Loyola School, Taldanga, Dhanbad**
FEBRUARY 2010 — FEBRUARY 2022
Passed Matriculate

**Class 12th at Green Point Academy, Asansol**
MARCH 2022 — FEBRUARY 2024
Passed Intermediate level

**B.Tech at Institute of Engineering and Management, Kolkata**
AUGUST 2024 — PRESENT

## Details
